

Tytuł: I Don't Know What's On Your Mind

I don't know what's on your mind.
But I know what's in your heart.
There's a distance in your eyes,
You're not as strong as you think you are.
Everybody needs somebody,
You're gonna need somebody too.
I'm right in front of you.

You don't see me...you don't hear me.
You're giving me the cold shoulder.
You leave me in the dark.
When I call you, you don't answer.
The only thing I ever wanted, the only thing I ever wanted,
Was to be with you, and hold you in my arms, to be with you.

I don't know what's on your mind,
But I know what's in your heart.
Why you fighting, what you know is right.
Baby come inside my arms,
Cos everybody needs somebody.
Soon you're gonna need somebody too.
I'm right in front of you.

You don't see me, you don't hear me.
You're giving me the cold shoulder
You leave me in the dark
When I call you, you don't answer
The only thing I ever wanted, the only thing I ever wanted
Was to be with you, and hold you in my arms, to be with you

Why ya holding back, ain't no sense (don't make no sense)
Break down your defences
Why ya holding back, ain't no sense (don't make no sense)
Break down your defences

You don't see me, you don't hear me
You're giving me the cold shoulder
You leave me in the dark
When I call you, you don't answer
The only thing I ever wanted, the only thing I ever wanted
Was to be with you, and hold you in my arms, to be with you
